

Month/ year	Diving methods	Client name	Scope of Work
January 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel MASINDRA JEDDAH at Port klang.
January 2024	Scuba diving with FFM communication	MUHIBBAH MARINE ENGINEENG SDN BHD	underwater visual Inspection with Still Photography for discover the oil leakage Starboard controllable pitch propeller only for Offshore Anchor Handling Vessel of JM GIMILANG at PORT KLANG,
February 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel JM CEMERLANG at Port klang.
February until March 2024	Scuba diving with FFM communication	JIMAH O&M SDN BHD	Underwater inspection and repairing for offshore Cw outfall culvert joint leakage. and supply repair suitable material for seal off leakage joint. And using Insert PU PIPE and underwater Cement mortar and installation mesh with drill hole 16 use Hydraulic Rotary Hammer Drills.
March 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel IDS CAHAYA and MEB TUG 6 at Port klang.
April 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel JM CEMERLANG at Port klang.
April 2024	Scuba diving	NAUTICA SHIP MANAGEMENT SDN BHD	underwater works for Visual Inspection with still photograph at both side Propeller port and starboard side for tugboat AR DIAMOND, Westport terminal B3 at PORT KLANG
Jun 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel IDS CAHAYA and MEB TUG 6 at Port klang.
July 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater temporary blanking plug wood on the vertical wall for day tank diesel leakage with Still Photography for Offshore Anchor Handling Vessel of JM GAGAH 2.
July 2024	Scuba diving with FFM communication	SHIN YANG SHIPPING SDN BHD	underwater visual inspection And Removal Entanglement onto there (3) unit propeller for vessel DANUM 178 North Deep-Water point Anchorage in PORT KLANG.
August 2024	Scuba diving with FFM communication	MS TERMINALS SDN BHD	Underwater Inspection and Cleaning for 1 main Sea-chest Grating at Portside and 1 main Propeller 4 Blades vessel of MS CARLA, Deep Water Point Anchorage at PORT KLANG, MALAYSIA.
August 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel JM SAMUDERA at Port klang.

Month/ year	Diving methods	Client name	Scope of Work
August 05 - 09 2024	Scuba diving with FFM communication	MUHIBBAH MARINE ENGINEENG SDN BHD	underwater visual inspection for DRYDOCK FLOATING GATE and Installation Rubber Seal no. 6 and Wet Welding Steel Bracket for Rubber no.5 and no. 6 with Still Photography at PORT KLANG.
August 2024	Scuba diving with FFM communication	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater visual Inspection with Still Photography for Kort nozzle for New Tugboat of B JAYA 7 at MME wharf at PORT KLANG,
August 05 - 09 2024	Scuba diving with FFM communication	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater visual Inspection with Still Photography for leak bottom plug and dismantle and install Drain Plug for Dirty oil tank for New Tugboat of B JAYA 7 at MME wharf at PORT KLANG,
August 2024	Scuba diving with FFM communication	SHIN YANG SHIPPING SDN BHD	underwater visual inspection And Removal Entanglement onto two (2) unit propeller for vessel DANUM 112 North Deep-Water point Anchorage in PORT KLANG.
September 2024	Scuba diving with FFM communication	SHIN YANG SHIPPING SDN BHD	underwater visual inspection onto one (1) unit propeller post accident for vessel DANUM 159 North Deep-Water point Anchorage in PORT KLANG.
September 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater installation 4 blanking box for 3-main engine and 2 genset generator Port and Starboard Sea-chest Grating and removal and cut entanglement mooring rope 12 inch at 3-unit propeller port, center, and starboard side. for FAST SUPPORT INTERVENTION VESSEL (FSIV) of SAFIR KISH 4.
September 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel BUMI JAYA at Port klang.
September 21 until 23 2024	Scuba replacement package with Underwater Digital camera system and CCTV system	PULAU INDAH POWER PLANT	underwater visual inspection on intake pipeline external condition towards A and B intake head including manhole. And discharge pipeline A and B external condition including manhole and diffuser during new contraction project for PULAU INDAH POWER PLANT (PIPP), PORT KLANG.
September 25 until 27 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater installation 18 zinc anode bolted type port & starboard hull and Bilge keel. with Still Photography for Offshore Anchor Handling Vessel of JM GAGAH 2.
November 2024	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel B JAYA 7 at Port klang.

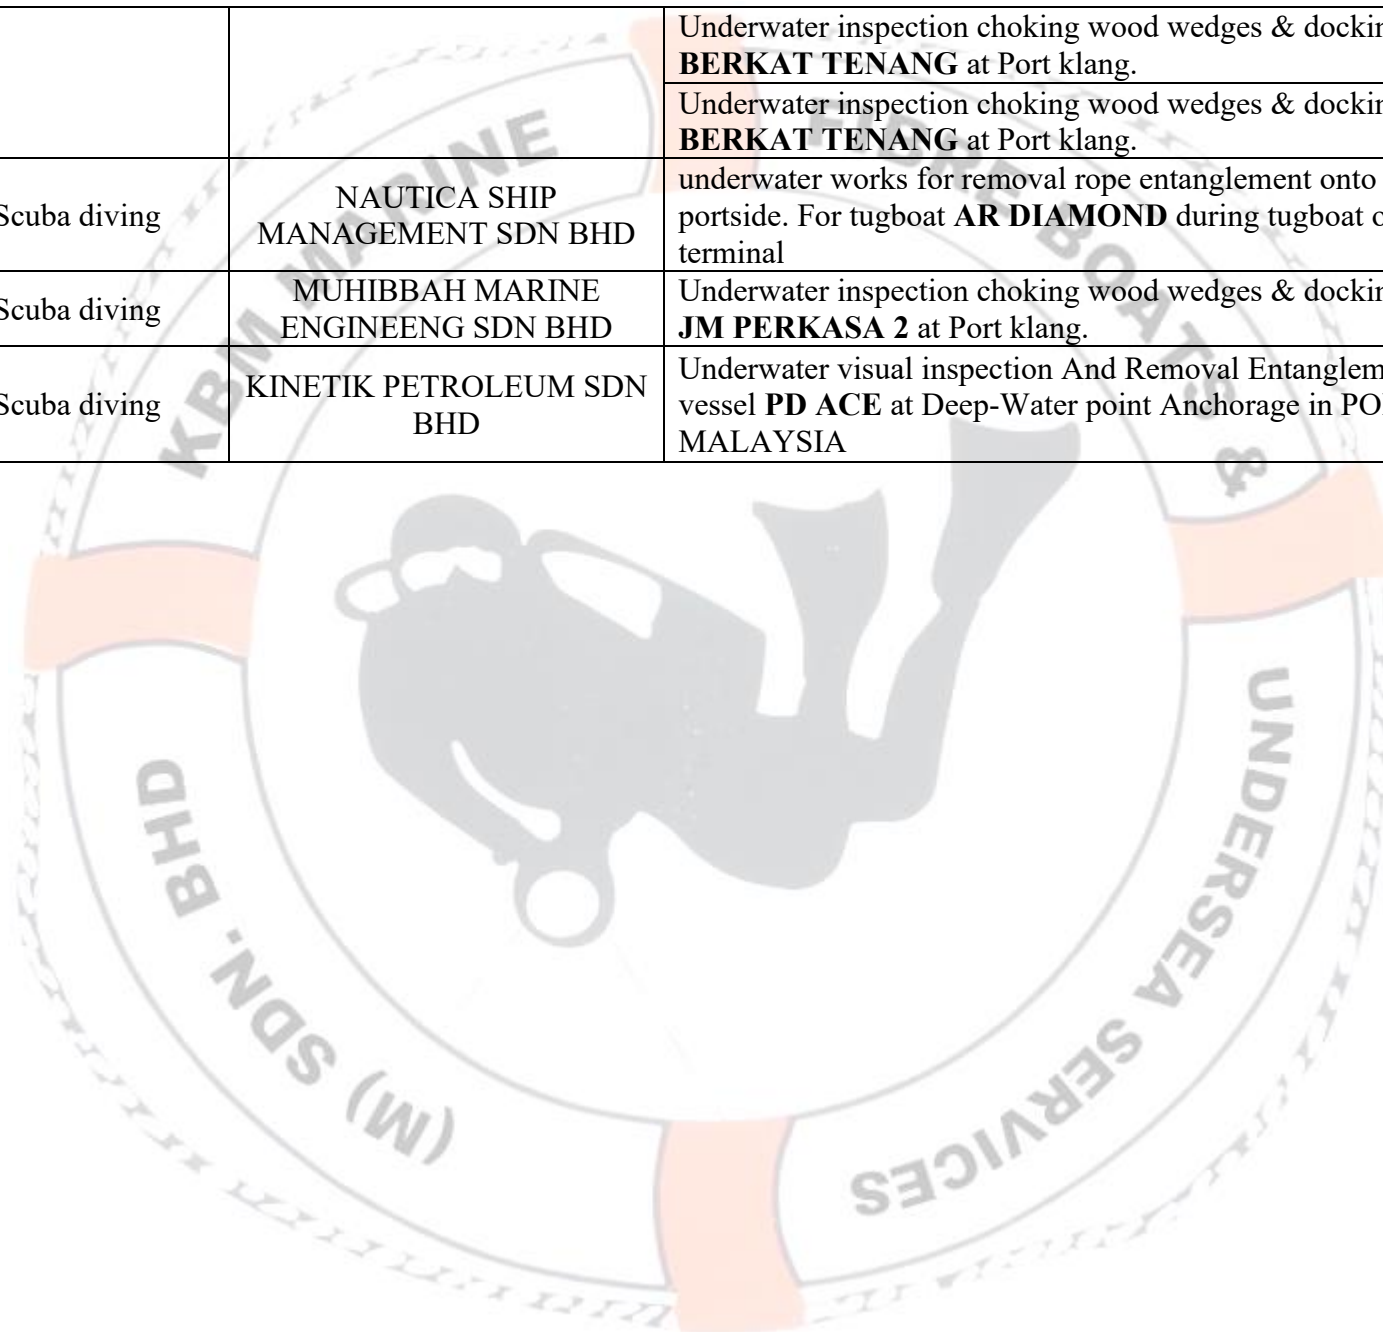

Month/ year	Diving methods	Client name	Scope of Work
November 2024	Scuba diving	MUHIBBAH MARINE ENGINEERING SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel B JAYA 7 at Port Klang.
November 2024	Scuba replacement package with Underwater Digital camera system and CCTV system	PULAU INDAH POWER PLANT	underwater visual inspection on intake pipeline damage condition internal intake head A and intake chamber, and 8 support columns during new contraction project for PULAU INDAH POWER PLANT (PIPP), PORT KLANG.
December 21 until 30, 2024	Scuba replacement package with Underwater Digital camera system and CCTV system	PULAU INDAH POWER PLANT	<ul style="list-style-type: none"> <li>underwater visual inspection condition external and internal of head intake head A. before and after repairing working on the damage concrete.</li> <li>underwater visual inspection condition internal GRP pipeline joint A and B until head intake head A and B, During new contraction project for PULAU INDAH POWER PLANT (PIPP), PORT KLANG</li> </ul>

Month/ year	Diving methods	Client name	Scope of Work
January 2023	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>JM HADHARI</b> at Port Klang.
February unit March 2023	Scuba diving & Scuba Replacement package with cctv	JIMAH O&M SDN BHD	<ul style="list-style-type: none"> <li>underwater cleaning Unit 2 A/B Pit MCW Intake system during plant minor outage at JIMAH POWER PLANT, PORT DICKSON MALAYSIA.</li> <li>Underwater is done by doing an underwater intake bay bottom side Unit 2 A/B MCW Intake system This is carried out using underwater air lift method. Underwater inspection and cleaning accumulated it was done removal approximately 33.6 m<sup>3</sup></li> </ul>
April 2023	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>JM SERI BESUT</b> at Port Klang.
			Underwater inspection choking wood wedges & docking at dry dock for vessel <b>JM MM TEGUH</b> at Port Klang.
May 2023			Underwater inspection choking wood wedges & docking at dry dock for vessel <b>SFE PIONEER</b> at Port Klang.
May 2023	Scuba diving	QEL Shipping Services Sdn. Bhd.	underwater visual inspection and Entanglement onto main propeller for vessel <b>MV DAYA MAJU</b> at North Deep-Water point Anchorage in PORT KLANG, MALAYSIA
June 2023	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	underwater job blanking and removal the scupper over board line <b>SFE PIONEER</b> at MME jetty for Offshore Supply Ship.
			Underwater inspection choking wood wedges & docking at dry dock for vessel <b>JM SERI BESUT</b> at Port Klang.
June 2023	Scuba diving & Scuba Replacement package with cctv	PULAU INDAH POWER PLANT SDN. BHD	Underwater inspection as third party for the Seawater Circulating Water Discharge Pipeline that is buried in the seabed with discharge diffusers below the seawater level. The location of diving inspection is per the plan and section drawing of the discharge pipeline A and B Each pipeline glass reinforced plastics (GRP) pipe of 2500 mm diameter connected via 12-meter-long pipe spools. the divers are required to inspect the conditions of Manhole No.4 and the 9 diffusers that are protruding from Pipeline A and capture good photo/video of the conditions.
July 2023	Scuba diving	NAUTICA SHIP MANAGEMENT SDN BHD	underwater works for removal rope entanglement onto one (1) unit Propeller on portside. For tugboat <b>AR DIAMOND</b> during tugboat operation on Westport terminal.

August 2023	Scuba diving	MUHIBBAH MARINE ENGINEERING SDN BHD	<p>Underwater Inspection and Cleaning Including Underwater Photography as below item: builds vessel of <b>JM SUTERA 8</b> at MUHIBBAH MARINE ENGINEERING wharf in PORT KLANG, MALAYSIA.</p> <ul style="list-style-type: none"> <li>• 1 Main Propeller 4 Blades</li> <li>• 2 Impressed current cathodic protection (ICCP) Port/Starboard</li> <li>• 2 Main Sea-chest Port/Starboard</li> <li>• 1 Emergency Sea-chest Port/Stern</li> <li>• 1 Pump Room Sea-chest Portside</li> <li>• 1 Echo Sounder</li> <li>• 1 Speed Log</li> <li>• 4 Draft Sensor</li> <li>• 1 Bow Portside</li> <li>• 2 Mid Port/Starboard</li> <li>• 1 Stern Starboard</li> </ul>
August 2023	Scuba diving	EAGLE CITY GROUP SDN BHD	underwater visual inspection two (2) unit Stern Thrusters propeller for Offshore Supply Ship <b>SFE PIONEER</b> at North Deep-Water point Anchorage in PORT KLANG
		SHIN YANG SHIPPING SDN BHD	underwater visual inspection And Removal Entanglement onto two (2) unit propeller for vessel <b>DANUM 5</b> at North Deep-Water point Anchorage in PORT KLANG, MALAYSIA.
September 2023	Scuba diving & Scuba Replacement package with cctv	CUSTOVIC SDN BHD	<p>underwater salvage and relocated of steel H-beam length 40 feet on seabed at Wharf 21 sea site, at NORTHPORT, PORT KLANG, MALAYSIA.</p> <ul style="list-style-type: none"> <li>• To relocate steel H-beam length 40 feet fall into the sea on the seabed.</li> <li>• To salvage and recovery each steel H-beam was been found.</li> <li>• To installation lifting gear onto steel H-beam for salvage and recovery works.</li> </ul>
September 2023	Scuba diving	MUHIBBAH MARINE ENGINEERING SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>KM BAGAN DATUK</b> at Port klang.
			Underwater inspection choking wood wedges & docking at dry dock for vessel <b>KENCANA PERKASA</b> at Port klang.
September 2023	Scuba diving	MUHIBBAH MARINE ENGINEERING SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>EWAN ADVENTURE</b> at Port klang.

October 2023			Underwater inspection choking wood wedges & docking at dry dock for vessel <b>BERKAT TENANG</b> at Port Klang.
October 2023			Underwater inspection choking wood wedges & docking at dry dock for vessel <b>BERKAT TENANG</b> at Port Klang.
October 2023	Scuba diving	NAUTICA SHIP MANAGEMENT SDN BHD	underwater works for removal rope entanglement onto one (1) unit Propeller on portside. For tugboat <b>AR DIAMOND</b> during tugboat operation on Westport terminal
November 2023	Scuba diving	MUHIBBAH MARINE ENGINEERING SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>JM PERKASA 2</b> at Port Klang.
November 2023	Scuba diving	KINETIK PETROLEUM SDN BHD	Underwater visual inspection And Removal Entanglement onto a propeller for vessel <b>PD ACE</b> at Deep-Water point Anchorage in PORT KLANG, MALAYSIA

Month/year	Diving methods	Client name	Scope of Work
January 2022	Scuba diving & Scuba Replacement package	MUHIBBAH MARINE ENGINEENG SDN BHD	<p>Underwater Inspection and Cleaning Including Underwater Photography as below item: builds vessel of JM SUTERA 9 during her stay at MUHIBBAH MARINE ENGINEERING wharf in PORT KLANG, MALAYSIA.</p> <ul style="list-style-type: none"> <li>• 1 Main Propeller 4 Blades</li> <li>• 2 Impressed current cathodic protection (ICCP) Port/Starboard</li> <li>• 2 Main Sea-chest Port/Starboard</li> <li>• 1 Emergency Sea-chest Port/Stern</li> <li>• 1 Pump Room Sea-chest Portside</li> <li>• 1 Echo Sounder</li> <li>• 1 Speed Log</li> <li>• 4 Draft Sensor</li> <li>• 1 Bow Portside</li> <li>• 2 Mid Port/Starboard</li> <li>• 1 Stern Starboard</li> </ul>
March 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for <b>LION KIMTRANS TB3</b> at Port klang.
March 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater Visual inspection with Still Photography of Retractable Thrusters for detect oil leakage for vessel of <b>JM SEPOI</b> during her stay at MUHIBBAH MARINE ENGINEERING in PORT KLANG, MALAYSIA.
March 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>JM MURNI</b> at Port klang.
April 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>JM SEPOI</b> at Port klang.
August 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for tugboat <b>MEB TUG 8</b> at Port klang.

September 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for vessel <b>POLARIS</b> at Port klang.
December 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for tugboat <b>MEB TUG 7</b> at Port klang.
October 2022	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater Inspection and Remove Rope Tangled onto Two (2) unit Propeller. For vessel <b>JM BAYU</b> During Her Stay at MME in PORT KLANG,

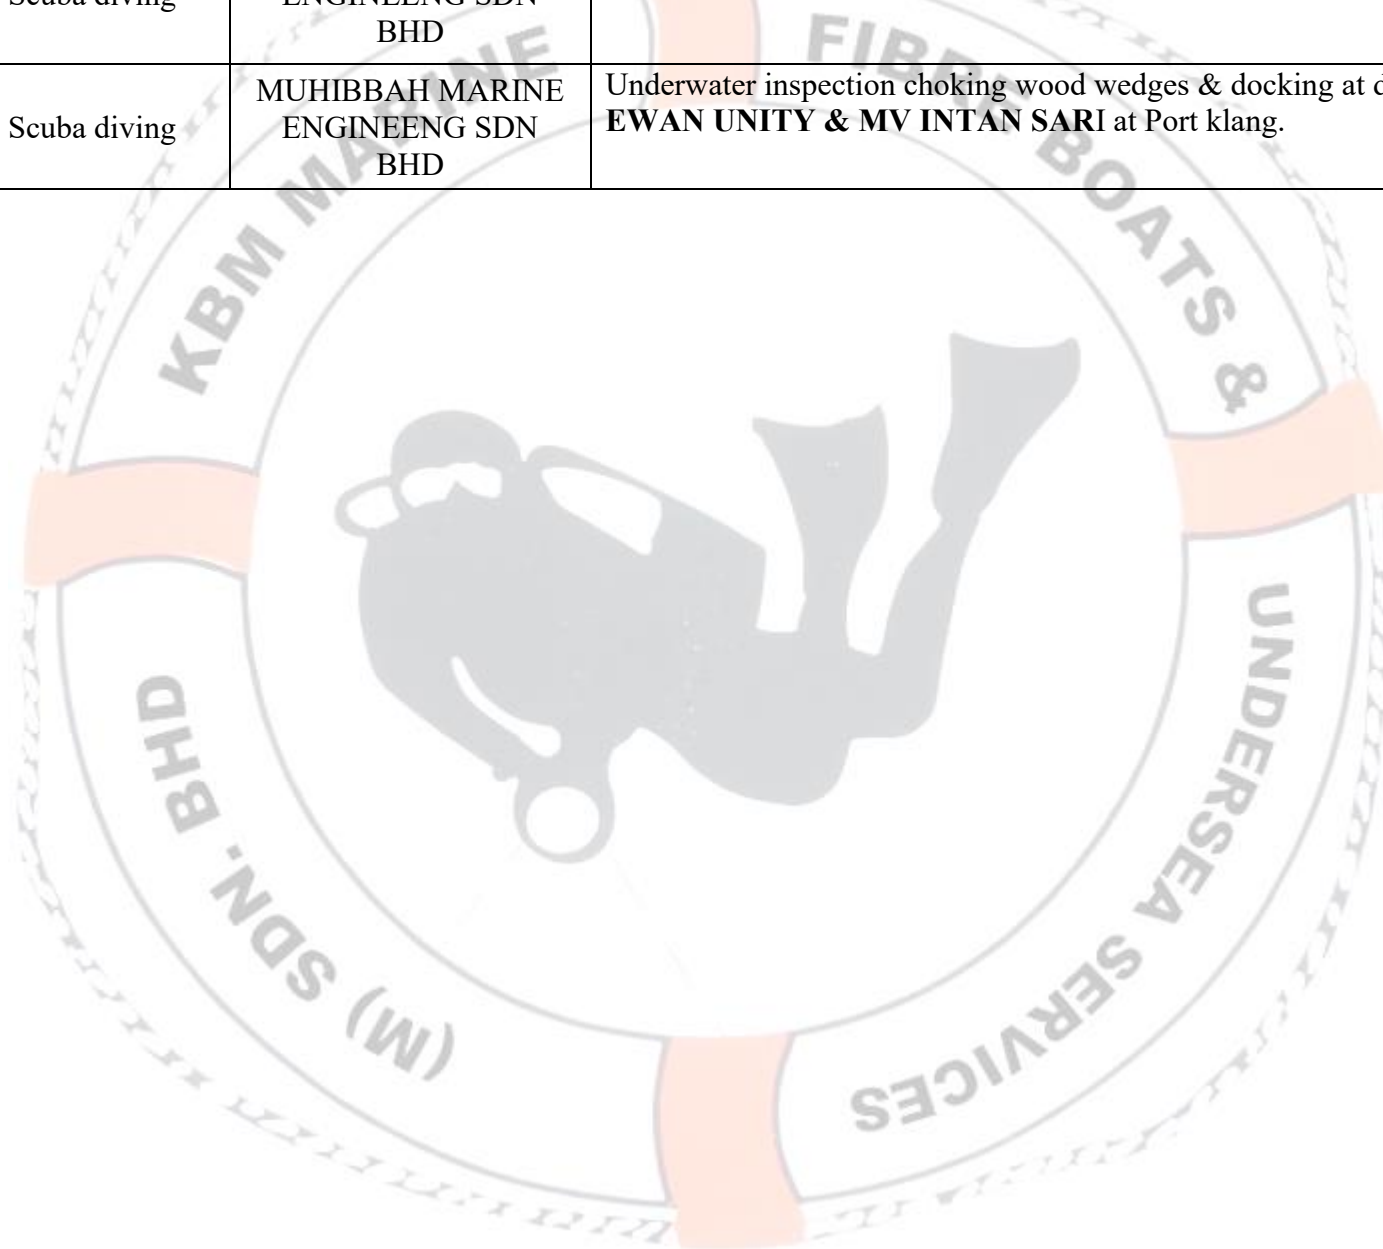

Month/year	Diving methods	Client	Scope of Work
Mach 2021	Scuba Replacement Package with CCTV	SEA CARE MARINE SDN BHD	Underwater General Inspection with CCTV of vessel MT TAIKO 1 at Port Klang. IN WATER SURVEY OF MT TAIKO 1 Chemical Tanker.
April 2021	Scuba diving and wet welding	ZENGO CORPORATION SDN BHD	MT FORTURE QUEEN during her stay at north deep-water anchorage at PORT KLANG, <ul style="list-style-type: none"> <li>• underwater Installation 12 anodes on the Rudder with underwater weld.</li> <li>• Taken underwater photo before &amp; after works done.</li> </ul>
Jun until July 2021	Scuba Replacement Package with CCTV	HYUNDAI ENGINEERING MALAYSIA SDN BHD	third party underwater inspection for offshore box culvert. <ul style="list-style-type: none"> <li>• To carry out scope of works for underwater inspection objectives only intake line of Box Culvert line at CCGT POWER PLANT. Malacca.</li> </ul>
July 2021	Scuba diving	INAI KIARA SDN BHD	Underwater visual inspection onto two-unit of propeller for <b>MV INAI TERASEK</b> . Port Klang.
August 2021	Scuba diving	Malaysia Towage and Transport SDN BHD	Underwater inspection & remove marine debris en-tangle onto propeller for Tugboat BADAN LAPAN Port Klang. CM 1 Westport terminal.
August 2021	Scuba diving	OCEAN RICH MARINE ENGINEERING CO. LTD	Underwater inspection and removing entanglement onto propeller unit for vessel MV WHITE TOMONY at OPL anchorages. Port Klang. <ul style="list-style-type: none"> <li>• To check condition propeller and identified marine debris tangled.</li> <li>• To cut/removal marine debris tangled onto propeller unit.</li> <li>• Taken underwater photo before &amp; after works done.</li> </ul>

August 2021	Scuba diving	OCEAN RICH MARINE ENGINEERING CO. LTD	<p>Underwater inspection and removing entanglement onto propeller unit for vessel MV WHITE TOMONY at OPL anchorages. Port Klang.</p> <ul style="list-style-type: none"> <li>• To check condition propeller and identified marine debris tangled.</li> <li>• To cut/removal marine debris tangled onto propeller unit.</li> </ul> <p>Taken underwater photo before &amp; after works done.</p>
September 2021	Scuba diving	MUHIBBAH MARINE ENGINEERING SDN BHD	<p>Underwater inspection choking wood wedges &amp; at MME Dry Dock for JM TABAH at Port Klang.</p>
Jun until November 2021	Scuba Replacement Package with CCTV	Edra Energy Sdn Bhd.	<p>Third party underwater inspection for offshore box culvert.</p> <ul style="list-style-type: none"> <li>• Underwater Inspection for DISCHARGE CULVERT EXTERNAL DURING PLANT IN OPERATION for EDRA ENERGY SDN BHD and.</li> <li>• Option for online EXTERNAL INSPECTION ON THE REPAIRED INTAKE CULVERT FOR EDRA ENERGY SDN BHD.</li> <li>• Services for ONLINE EXTERNAL INSPECTION ON THE REPAIRED INTAKE CULVERT FOR EDRA ENERGY SDN BHD.</li> </ul>

<p>October 2021 until November 2021</p>	<p>Scuba diving /Scuba Replacement Package with Dry suit</p>	<p>JIMAH O &amp; M SDN BHD</p>	<p>underwater cleaning MCW Intake system during plant outage minor overhaul unit 1A/B Intake Pit at JIMAH POWER PLANT, PORT DICKSON.</p> <ul style="list-style-type: none"> <li>• To clean/remove marine growth on bar screen unit 1A &amp; 1B.</li> <li>• To clean/remove marine growth/debris on the bottom intake opening.</li> <li>• To clean/ remove marine growth/debris on the bottom intake chamber.</li> <li>• To dismantle diffuser Pipes and re-installation after cleaning marine fouling.</li> <li>• Outlet stop log deployment and re-open after outage completed.</li> <li>• MCW stop log deployment and re-open after outage completed.</li> <li>• To take underwater photo before and after.</li> <li>• Anodes replacement for intake pit unit 10/A.</li> <li>• To supply 316 stainless steel bolt &amp; nut. for ECP PIPE.</li> <li>• Replacement bolt &amp; nut for ECP PIPE.</li> </ul>
---	--	--------------------------------	---

Month/year	Diving methods	Client name	Scope of Work
January until February 2020	Scuba diving & Scuba Replacement package	JIMAH O & M SDN BHD	<ul style="list-style-type: none"> <li>Underwater inspection &amp; Repairing works outfall culvert joint leaking.</li> <li>Drilling and Installation clamp for Main hole.</li> <li>Repairing leaking joint</li> <li>Installation plate on the joint</li> </ul> Photo & video. Drawing repairing works.
January 2020	Scuba diving, wet welding and broco cutting	PEMBINAAN ISMAIL SDN. BHD	Underwater Assist precast position during launching work of Pre-Cast Slab at Slipway at THHE.
January 2020	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for <b>MV PRISTINE BETA</b> at Port klang.
February 2020			Underwater inspection choking wood wedges & docking at dry dock for <b>MV MEB TUG 5</b> at Port klang.
			Underwater main Propeller polishing still photography with videography use 3M Marine disc clean for MT SUTERA 8. Port Klang.
Mach 2020			Underwater General inspection with photography videography for <ol style="list-style-type: none"> <li>1.-ECHO SOUNDER</li> <li>2.-SDEEP LOGS</li> <li>3.-Impressed Current Cathodic Protection_ICCP (Port/ Starboard)</li> <li>4.-Fwd Draft Sensor (Port)</li> <li>5.-MID Draft Sensor (Port)</li> <li>6.-MID Draft Sensor (Starboard)</li> <li>7.-Aft Draft Sensor (Starboard)</li> </ol> for MT SUTERA 8. Port Klang.
April 2020	Scuba Replacement Package with Dry suit	JIMAH O & M SDN BHD	Underwater survey Diving Survey-Bottom sediment at SEA WATER RECIROLATION PUMP 4 AREA. at ASH POND.

Jun 2020	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for <b>MV MEB TUG 7 &amp; MV MEB TUG 8</b> at Port Klang.
	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for <b>MV EWAN UNITY &amp; MV INTAN SARI</b> at Port Klang.

Month/year	Diving methods	Client	Scope of Work
Jun 2020	Scuba diving	SHIN YANG SHIPPING SDN BHD	Underwater inspection & remove marine debris en-tangle onto propeller for <b>MV DANUM 159</b> . Port Klang.
Jun 2020	Scuba diving	GADING SENGGARA SDN BHD	Underwater Hull cleaning of Marine Polis <b>Boat PC 32</b> . At Marine Polis Port klang Photo & video
Jun 2020	Scuba diving	SANG MUARA SDN BHD	Underwater lashing the 4-unit propeller for two tugs of <b>MV NEON &amp; MV NIMBLE</b> at Westport. Port Klang.
August 2020	Scuba Replacement Package	NORTHPORT (M) BHD conventional cargo services & Marine	<ul style="list-style-type: none"> <li>• To relocate steel billet on seabed.</li> <li>• To salvage each steel billet in position vertical.</li> <li>• To attach and installation lifting chain onto steel billet for recovery.</li> </ul>
September 2020	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & docking at dry dock for <b>MV POLARIS</b> at Port klang.
	Scuba diving	PEAK FLAG SDN BHD	Underwater inspection and removing entanglement onto propeller unit. At Westport terminal. Tugboat <b>POLLUX</b>
October 2020	Scuba diving	MUHIBBAH MARINE ENGINEENG SDN BHD	Underwater inspection choking wood wedges & at MME slipway for <b>LION KIMTRANS TB 8</b> at Port klang.
November 2020	Scuba Replacement Package with Broco	TH Heavy Engineering SDN BHD	Diving Services for ‘Underwater Excavation Works on the Collapse Sheet Piles or Underwater Debris Removal: <ul style="list-style-type: none"> <li>• To provide qualified divers, necessary equipment, and support team for the works.</li> <li>• Underwater excavation works on the collapse sheet piles/debris.</li> <li>• To carry out underwater excavation works using airlift and trash pump. To remove the mud at sheet piles for underwater cutting works.</li> <li>• To cut and assist to remove the sheet piles/debris from underwater.</li> <li>• To take the measurement, i.e., distance from the top end of the sheet piles/debris to the surface water line.</li> <li>• To provide underwater equipment suitable for the works, not limited but including: Broco rod (underwater cutting rod consumable) DC</li> </ul>

			welding machine (500 amp) Cables (30 meter) Broco Torch BR-22 Oxygen Supply
November 2020	Scuba diving	CLAMSHELL DREDGING SDN BHD	<ul style="list-style-type: none"> <li>• Diver follows the survey report through the target.</li> <li>• Diver dive inspection and identified object on the seabed.</li> <li>• Marking the object when found.</li> <li>• Take the underwater photography to object.</li> <li>• Submit report after completion task</li> </ul>
